Type : **Announcement**Subject : **MAXIS COMMUNICATIONS BERHAD ("Maxis" or "the Company")
Recurrent Related Party Transactions of a Revenue or Trading Nature**

Contents :

1. Introduction

Pursuant to Practice Note No. 12/2001 issued in relation to Paragraphs 10.08 and 10.09 of Bursa Malaysia Securities Berhad ("Bursa Securities") Listing Requirements, the Board of Directors of Maxis wishes to announce the following recurrent related party transactions of a revenue or trading nature necessary for day-to-day operations ("Recurrent Related Party Transactions") entered into between wholly-owned subsidiaries of Maxis and the related parties of Maxis as set out in Paragraph 2 below, the values of which by way of aggregation, have exceeded the prescribed limit of RM1 million in respect of recurrent transactions entered into during the period 1 June 2005 and 26 May 2006.

2. Details of the Contracting Parties

2.1 Subsidiaries of Maxis

2.1.1 Maxis Broadband Sdn Bhd ("MBSB") was incorporated in Malaysia under the Companies Act, 1965 on 12 February 1992 as a private limited company. MBSB is a wholly-owned subsidiary of Maxis. Its principal activity is as an operator of a national public switched network and provider of internet and internet application services including owning, maintaining, building and operating radio facilities and associated switches.

2.1.2 Malaysian Mobile Services Sdn Bhd ("MMSSB") was incorporated in Malaysia under the Companies Act, 1965 on 20 July 1981 as a private limited company. MMSSB is a wholly-owned subsidiary of Maxis. Its principal activity is as a provider of mobile telecommunications products and services.

2.2 Related Parties of Maxis

2.2.1 MEASAT Broadcast Network Systems Sdn Bhd ("MBNS") was incorporated in Malaysia under the Companies Act, 1965 on 12 May 1992 as a private limited company. MBNS is a wholly-owned subsidiary of ASTRO ALL ASIA NETWORKS plc ("ASTRO"). Its principal activity is providing Direct-to-Home satellite multi-channel subscription television services.

2.2.2 Multimedia Interactive Technologies Sdn Bhd ("MIT") was incorporated in Malaysia under the Companies Act, 1965 on 12 July 1999 as a private limited company. MIT is a wholly-owned subsidiary of ASTRO. Its principal activity is the development and licensing of multimedia and interactive applications.

2.2.3 Kristal-ASTRO Sdn Bhd ("KASB") was incorporated in Brunei Darussalam under the Companies Act, Cap. 39 on 18 January 2000 as a private limited company. ASTRO has an effective interest of 48.9% in KASB. Its principal activity is providing Direct-to-Home satellite broadcasting services.

Act, 1965 on 3 May 1996 as a private limited company. SRG is a wholly-owned subsidiary of Usaha Tegas Sdn Bhd ("UTSB"), a major shareholder of Maxis. Its principal activities are the provision of management, consultancy and marketing (including telemarketing) services.

2.3 Nature of Relationship

UTSB, PSIL, Excorp, PanOcean and TAK (as hereinafter defined) who are major shareholders of ASTRO, are also major shareholders of Maxis. In addition, TAK is a director of PanOcean, Excorp and UTSB.

RM and TPC (as hereinafter defined), who are directors and shareholders of ASTRO and Maxis, are also directors of UTSB.

In view of the above, MMSSB, MBSB, MBNS, MIT, KASB and SRG are parties connected with one another by virtue of the common interests of the major shareholders, namely UTSB, PSIL, Excorp, PanOcean and TAK and of the directors, namely RM and TPC.

Details of the interests of the major shareholders, Directors and persons connected to them in Maxis, ASTRO and SRG are set out in Paragraph 6 below.

3. Details of the Recurrent Related Party Transactions

Details of the Recurrent Related Party Transactions are as follows:-

Maxis entity involved	Transacting Party	Nature of transaction	Value of transaction (RM)
MBSB	MBNS	Provision of International Private Leased Circuit ("IPLC") from All Asia Broadcast Centre ("AABC") in Kuala Lumpur, Malaysia to Indonesia.	1,497,401.73
MBSB	MIT	Prepaid Top-Up on Demand service via Easy Access (WAP STK).	17,083.28
MBSB	KASB	Upgrade of IPLC from AABC to Brunei Darussalam.	18,042.40
MMSSB	SRG	Outsourcing of Hotlink Club Data Entry, Fulfilment and Outbound Calling.	84,746.16

For the period 1 June 2005 to 26 May 2006, the aggregate value of the Recurrent Related Party Transactions amounted to RM1,617,273.57 based on the respective unaudited accounts of MBSB and MMSSB as at 26 May 2006.

4. Nature of the Recurrent Related Party Transactions

The Recurrent Related Party Transactions are in the ordinary course of business of MBSB and MMSSB and have been entered into at arm's length basis, on normal commercial terms and on terms not more favourable to the related party than those generally available to the public.

5. Rationale

i) Provision of IPLC

ii) Prepaid Top-Up on Demand service via Easy Access (WAP STK)

MIT is the solutions provider for Maxis Easy Access (WAPSTK) service. Working with MIT will ensure that MBSB would benefit from a quicker 'time to market' timeframe, as well as taking advantage of easier integration of the relevant systems given that MIT is the existing provider.

iii) Upgrade of IPLC

In addition to having the telecommunications infrastructure to provide a secure and reliable IPLC communication link and data and voice connection, MBSB is able to offer services to upgrade the IPLC for KASB.

iv) Outsourcing of Hotlink Club Data Entry, Fulfilment and Outbound Calling

The outsourcing to SRG of the management of the Hotlink Club program in particular is because SRG is the vendor appointed by MMSSB to manage the Call Centre operations for Hotlink's entire base and there is a synergy from an operational perspective for having the same vendor as compared to having separate vendors managing each job independently.

6. Directors' and Major Shareholders' Interests

The details of the nature and extent of the interests of the Directors and major shareholders of Maxis and persons connected to them as at 30 April 2006 and the nature of their relationships to the parties of the Recurrent Related Party Transactions are attached herewith marked as Appendix I.

Save as disclosed in the attachment and as far as the Directors are aware, none of the other Directors of Maxis and/or major shareholders and/or persons connected to them has any interest, direct or indirect, in the Recurrent Related Party Transactions.

The interested Directors have abstained from voting on the resolution in respect of the Recurrent Related Party Transactions.

7. Effect on share capital, shareholding structure, earnings and consolidated net assets of Maxis

The Recurrent Related Party Transactions will not have any effect on the share capital or shareholding structure of Maxis.

The Recurrent Related Party Transactions are also not expected to have a material effect on the earnings per share of Maxis for the financial year ending 31 December 2006 or any material effect on the consolidated net assets of Maxis based on its audited financial results for the financial year ended 31 December 2005.

8. Statement by the Board of Directors

The Board of Directors of Maxis (with the exception of En. Augustus Ralph Marshall, En. Tan Poh Ching and En. Chan Chee Beng who are deemed interested in the Recurrent Related Party Transactions and who have abstained from all Board deliberations and voting in connection therewith) has taken into consideration all aspects of the Recurrent Related Party Transactions and is of the opinion that the Recurrent Related Party Transactions are in the best interests of Maxis and its subsidiaries.

9. Approvals required

Based on the aggregate value for the period between 1 June 2005 and 26 May 2006 as disclosed under Paragraph 3 above, the Recurrent Related Party Transactions individually or in aggregate do not require the approval of the shareholders of Maxis or the approvals of any relevant regulatory body.

QUARTERLY REPORT FOR THE FIRST QUARTER ENDED 31 MARCH 2006

PART A – EXPLANATORY NOTES IN COMPLIANCE WITH FRS 134, PARAGRAPH 16

1. ACCOUNTING POLICIES

The quarterly condensed financial report of Maxis and its subsidiaries ("the Group") has been prepared based on:

- The requirements of the Financial Reporting Standards ("FRS") 134 – Interim Financial Reporting; and
- Paragraph 9.22 of the Bursa Malaysia Securities Listing Requirements ("Bursa Securities LR")

and should be read in conjunction with the Group's audited financial statements for the financial year ended 31 December 2005. The accounting policies adopted for the quarterly condensed financial report are consistent with those adopted for the audited financial statements for the financial year ended 31 December 2005 except for the adoption of the following new and revised FRS issued by Malaysian Accounting Standards Board ("MASB") that are effective for the Group for the financial period beginning 1 January 2006:

- FRS 2 – Share-based Payment
- FRS 3 – Business Combinations
- FRS 5 – Non-current Assets Held for Sale and Presentation of Discontinued Operations
- FRS 101 – Presentation of Financial Statements
- FRS 102 – Inventories
- FRS 108 – Accounting Policies, Changes in Accounting Estimates and Errors
- FRS 110 – Events After the Balance Sheet Date
- FRS 116 – Property, Plant and Equipment
- FRS 121 – The Effects of Changes in Foreign Exchange Rates
- FRS 127 – Consolidated and Separate Financial Statements
- FRS 128 – Investments in Associates
- FRS 132 – Financial Instruments: Disclosure and Presentation
- FRS 133 – Earnings per Share
- FRS 136 – Impairment of Assets
- FRS 138 – Intangible Assets

The adoption of FRS 5, 102, 108, 110, 127, 128, 132 and 133 does not have significant financial impact on the Group. The principal effects of the changes in accounting policies resulting from the adoption of the other new and revised FRS are discussed below and the effects of the changes to the current quarter and the comparatives are disclosed in Note 1 (vi):

(i) FRS 2: Share-based Payment

The adoption of FRS 2 has resulted in a change in accounting policy for share-based payment arising from share options granted by the Company to employees (including directors) of the Group.

Prior to 1 January 2006, no compensation expense was recognised in the income statement for share options granted to employees of the Group. Upon the adoption of FRS 2, where the Group pays for services of its employees using share options, the fair value of the transaction is recognised as an expense in the income statement over the vesting periods of the grants, with a corresponding increase in equity. The total amount to be recognised as compensation expense is determined by reference to the fair value of the share option at the date of the grant and the number of share options to be vested by vesting date. At balance sheet date, the Group revises its estimate of the number of share options that are expected to vest by the vesting date. Any revision of this estimate is included in the income statement and a corresponding adjustment to equity over the remaining vesting period.

1. ACCOUNTING POLICIES (CONTINUED)**(i) FRS 2: Share-based Payment (continued)**

Under the transitional provisions of FRS 2, this standard applies to share options which were granted after 31 December 2004 and which had not yet vested on 1 January 2006. The application is retrospective and accordingly, the comparative amounts as at 31 December 2005 are restated and the opening balance of retained earnings as at 1 January 2006 has been adjusted.

(ii) FRS 3: Business Combinations, FRS 136: Impairment of Assets and FRS 138: Intangible Assets

The adoption of FRS 3: Business Combinations and the consequential changes to FRS 136: Impairment of Assets and FRS 138: Intangible Assets has resulted in a change in the accounting policy relating to purchased goodwill.

Goodwill acquired in a business combination is now stated at cost less any accumulated impairment losses. The adoption of FRS 138 has resulted in the Group ceasing annual amortisation of goodwill. Instead, goodwill is allocated to cash-generating units and the carrying amount is tested annually for impairment, or more frequently if events or changes in circumstances indicate that it might be impaired. Goodwill impairment is determined by comparing its carrying amount against its recoverable amount in accordance with FRS 136. Any impairment loss is recognised in the income statement and subsequent reversal is not allowed.

This change in accounting policy has been accounted for prospectively for business combinations where the agreement date is on or after 1 January 2006. For business combinations entered into prior to that date, the transitional provisions of FRS 3 requires the Group to eliminate the carrying accumulated amortisation as at 1 January 2006 of RM347.6 million against the carrying amount of goodwill. The carrying amount of goodwill for the Group as at 1 January 2006 of RM1,019.5 million ceased to be amortised. This has the effect of reducing the amortisation charge of the Group by RM34.2 million for the 1st quarter ended 31 March 2006.

In addition, the useful lives of other intangible assets are now assessed at the individual asset level as having either a finite or indefinite life. Intangible assets with an indefinite useful life are not amortised but are tested for impairment annually. Intangible assets with a finite useful life will continue to be amortised over the estimated useful life. Prior to 1 January 2006, intangible assets were considered to have a finite useful life and were stated at cost less accumulated amortisation and impairment losses. The adoption of this accounting policy has not resulted in any financial impact to the Group as the Group's other intangible asset, which consists of the cost of spectrum rights, is regarded to have a finite useful life and continues to be amortised.

(iii) FRS 101: Presentation of Financial Statements

The adoption of the revised FRS 101 has affected the presentation of minority interest and other disclosures. Minority interest is now presented within total equity in the consolidated balance sheet and as an allocation from net profit for the period in the consolidated income statement. The movement of minority interest is now presented in the consolidated statement of changes in equity. The presentation of the comparative financial statements of the Group has been restated to conform with the current period's presentation.

(iv) FRS 116: Property, Plant and Equipment

The cost of an item of property, plant and equipment now includes the costs of dismantling and removing the item and restoring the site on which it is located, the obligation for which an entity incurs either when the item is installed or as a consequence of having used the item during a particular period for purposes other than to produce inventories during that period.

1. ACCOUNTING POLICIES (CONTINUED)

(v) FRS 121: The Effects of Changes in Foreign Exchange Rates

Items included in the financial statements of each of the Group's entities are measured using the currency of the primary economic environment in which the entity operates (the "functional currency"). The consolidated financial statements are presented in Ringgit Malaysia, which is the Company's functional and presentation currency.

In addition, as of 1 January 2006, any goodwill arising on the acquisition of a foreign operation and any fair value adjustments to the carrying amounts of assets and liabilities arising on the acquisition are now treated as assets and liabilities of the foreign operation and translated at the closing rate. In accordance with the transitional provisions of FRS 121, this change is applied prospectively. Goodwill acquired in business combinations prior to 1 January 2006 and fair value adjustments arising on those acquisitions are deemed to be assets and liabilities of the parent company and were translated using the exchange rate at the dates of acquisition.

(vi) Effects of changes in accounting policies

The following comparative amounts have been restated due to adoption of the aforementioned new and revised FRS:

	Previously reported	<-----Adjustments-----> FRS 2 (Note 1(i))	FRS 116 (Note 1(iv))	Restated
	RM' m	RM' m	RM' m	RM' m

FRS 116 (Note 1(iv))	2
	<u>10</u>

In addition, the adoption of FRS 3, FRS 136 and FRS 138 (Note 1 (ii)) has the effect of reducing the amortisation charge of the Group by RM34.2 million for the 1st quarter ended 31 March 2006.

2. QUALIFICATION OF PRECEDING AUDITED FINANCIAL STATEMENTS

The auditors' report on the audited financial statements for the financial year ended 31 December 2005 was not qualified.

3. SEASONAL / CYCLICAL FACTORS

The operations of the Group were not significantly affected by seasonality and cyclical factors during the quarter under review.

4. NATURE AND AMOUNT OF ITEMS AFFECTING ASSETS, LIABILITIES, EQUITY, NET INCOME OR CASH FLOWS THAT ARE UNUSUAL BECAUSE OF THEIR NATURE, SIZE OR INCIDENCE

There were no significant unusual items affecting assets, liabilities, equity, net income, or cash flows during the quarter under review except as disclosed in Note 1 on the changes in accounting policies and Note 24 on the acquisition of Aircel Limited ("Aircel") and its subsidiaries.

5. NATURE AND AMOUNT OF CHANGES IN ESTIMATES OF AMOUNTS REPORTED IN PRIOR INTERIM PERIODS OF THE CURRENT FINANCIAL YEAR OR CHANGES IN ESTIMATES OF AMOUNTS REPORTED IN PRIOR FINANCIAL YEARS, IF THOSE CHANGES HAVE A MATERIAL EFFECT IN THE CURRENT INTERIM PERIOD

There were no significant changes in estimates of amounts reported in prior interim periods or in prior financial years.

15. REVIEW OF PERFORMANCE (Continued)

(A) Performance of the current quarter against the preceding quarter (1st Quarter 2006 versus 4th Quarter 2005)
(Continued)

The Group's pre-tax profit of RM707 million was RM111 million or 19% higher than that of the preceding quarter. The improvement in earnings was mainly due to RM64 million higher pre-tax profit in the Malaysian Operations, the first time recognition of pre-tax profit amounting to RM16 million from the newly acquired Indian Operations and lower pre-tax loss of RM31 million recorded by the Indonesian Operations.

For the 3 months ended 31 March 2006	Malaysian Operations	Indian Operations	Indonesian Operations	Group
Net subscribers ('000)				
- Postpaid	1,451	451	3	1,905
- Prepaid	6,754	2,160	10	8,924

EBITDA (RM'm)	957	13	(37)	933
EBITDA margin (%)	56.4	44.8	n/a	54.0

The Group has accounted for the Indian Operations' results as a 26% associate using equity accounting from 6 January 2006 to 20 March 2006 (74 days) and subsequently consolidated as a subsidiary of the Group at 99.3% economic interest from 21 March 2006 to 31 March 2006 (11 days).

Malaysian Operations

Revenue

In the quarter under review, Maxis added 4% or 347,000 mobile subscribers. This brings the total subscriber base to 8,205,000. Revenue grew 1% or RM16 million to RM1,697 million. Revenue growth was at a lower rate compared to the 4% increase in subscribers base mainly due to lower mobile termination rates which took effect from 15 February 2006 and the increase in prepaid subscriber base which generally has lower usage revenue.

Postpaid ARPU declined slightly by RM1 to RM137. Despite a 5% growth in the prepaid customer base, lower MOU per subscriber by 6 minutes has contributed to a decline in prepaid ARPU by RM4 to RM48. Mobile data revenue increased by 3% or RM8 million mainly due to a 9% growth in billable SMS volume. The current quarter data revenue of RM314 million was 19.4% of total mobile revenue, an increase of 0.2% points from 19.2% registered in the preceding quarter.

EBITDA and EBITDA margin

EBITDA was 8% or RM69 million higher to end the quarter at RM957 million. The improvement was due to higher revenue of RM16 million and lower operating expenditures as the current quarter is typically a lower spend period when less activities take place compared to the preceding quarter. As a result, the EBITDA margin was higher at 56.4% compared with 52.8% in the preceding quarter.

**(A) Performance of the current quarter against the preceding quarter (1st Quarter 2006 versus 4th Quarter 2005)

Malaysian Operations (continued)

PBT

PBT of RM733 million was 10% or RM64 million higher than the preceding quarter mainly due to improvement in EBITDA of RM69 million and cessation of amortisation of goodwill in compliance with the new FRS (Q4/05 goodwill amortisation charge: RM34 million). These were partially offset by higher depreciation costs of RM34 million and higher finance costs of RM4m resulting from higher bank borrowings for acquisition of Aircel in the current quarter.

Indonesian Operations

The Group's Indonesian subsidiary, NTS, recorded a pre-tax loss of RM42 million which was 42% lower than the RM73 million registered in the preceding quarter. The pre-tax loss was attributed to the start-up losses of the mobile business.

Indian Operations

In the current quarter, Maxis completed the acquisition of an Indian mobile operator, Aircel, the market leader in Tamil Nadu including Chennai. The current quarter saw a first time recognition of pre-tax profit amounting to RM16 million from Aircel.

15. REVIEW OF PERFORMANCE (Continued)

(B) Performance of the current year-to-date against the preceding year-to-date (1st Quarter 2006 versus 1st Quarter 2005) (Continued)

The Group's pre-tax profit of RM707 million was RM49 million or 7% higher than that of the corresponding quarter of the preceding year. The higher earnings were primarily due to RM75 million higher pre-tax profit in the Malaysian Operations and partially offset by RM26 million net pre-tax loss in the Group's overseas operations (refer to Note 15(A) for details). There were no overseas operations in the corresponding quarter of the preceding year.

Malaysian Operations

Revenue

From a year ago, the Maxis subscriber base has increased by 25% or 1,639,000, bringing the total subscriber base to 8,205,000 as at 31 March 2006. As a result, revenue increased by 7% to RM1,697 million compared to the same period in the preceding year. Postpaid ARPU declined 12% or RM18 to RM137 despite higher MOU of 21 minutes due primarily to new customers subscribing to lower rate plans and impact of lower mobile termination rates which took effect from 15 February 2006. Prepaid ARPU decreased RM9 to RM48 on tariff changes and lower MOU, which is in line with expectations as the expansion of subscriber base was mainly from lower end prepaid users.

Mobile data revenue increased by 31% to RM314 million, representing 19.4% of total mobile revenue as compared to 15.8% in the preceding year. The increase is driven mainly by a 197% increase in billable SMS messages. Revenue from advanced mobile data services (non P2P) increased by 31% to RM53 million, with active GPRS users increasing 115% to 1,206,000.

EBITDA and EBITDA margin

EBITDA grew by 6% or RM56 million to RM957 million spurred by the increase in revenue. The EBITDA margin was marginally lower at 56.4% in the current quarter compared with 56.8% in the corresponding quarter of the preceding year.

PBT

PBT improved by 11% to RM733 million from RM658 million in the comparative period. The increase of RM75 million was mainly due to increase in EBITDA of RM56 million and cessation of goodwill amortisation in compliance with the new FRS (Q1/05 goodwill amortisation charge: RM32 million).

16. PROSPECTS FOR THE FINANCIAL YEAR ENDING 31 DECEMBER 2006

The intense competition in the mobile industry in Malaysia is expected to continue through aggressive promotion activities and pricing. Nevertheless, the Group will continue to focus on increasing its customer base by leveraging on its improved network quality, progressive rollout to expand coverage and offering advanced and innovative mobile voice, data and video services. In addition, the Group will continue to focus in managing cost efficiently to sustain long term profitability.

Group results for the current financial year will be impacted by:

- (i) Inclusion of the operating results and contribution from Aircel (India);
- (ii) Start-up losses incurred by NTS (Indonesia); and
- (iii) Possible cost increases, and slower growth for certain products and services, as a result of inflationary pressures currently being experienced in its key markets.

Barring any unforeseen circumstances, the Board of Directors expects the Group to achieve continuing satisfactory results for the financial year ending 31 December 2006.

17. PROFIT FORECAST OR PROFIT GUARANTEE

Not applicable as the Group did not submit any profit forecast.

18. TAXATION

The Group's effective tax rate for the current quarter is 30.7%, which is above the statutory tax rate of 28.0% mainly due to non-deductibility of certain operating expenditure for tax purposes and losses incurred by NTS where group relief is not available.

19. PROFIT/(LOSS) ON SALE OF UNQUOTED INVESTMENTS AND/OR PROPERTIES

There were no sales of unquoted investments and/or properties for the quarter ended 31 March 2006.

20. INVESTMENTS IN QUOTED SECURITIES

21. STATUS OF CORPORATE PROPOSALS ANNOUNCED

Proposed RM500 million Commercial Paper/Medium Term Note Programme and Proposed RM500 million Medium Term Note Programme (collectively, the “Proposed Programmes”)

On 9 November 2004, the Company announced that it intends to undertake the above proposals. The funds raised from the Proposed Programmes will enable Maxis and its subsidiaries to refinance existing debt, finance capital expenditure and utilise for general funding requirements. The Securities Commission has approved the Proposed Programmes based on the terms and conditions contained therein on 2 December 2004. The facility has yet to be drawn down as the Company has sufficient internal funds.

Save as disclosed above, there are no other disclosures that are required to be made as at 18 May 2006.

Note

⁽ⁱ⁾ Refer to Note 23 (ii) and (iii) of the explanatory notes below for further information.

23. FINANCIAL INSTRUMENTS

Under the Group's policy, Maxis' practice is to hedge all known foreign currency commitments arising from trade transactions. Maxis' non-trade currency exposures will be hedged as and when deemed necessary.

(i) Forward foreign exchange contracts

Forward foreign exchange contracts protect the Group from movements in exchange rates by establishing the rate at which a foreign currency asset or liability will be settled. Exchange gains and losses arising on contracts entered into as hedges of anticipated future transactions are deferred until the date of such transaction, at which time they are included in the measurement of such transactions.

As at 18 May 2006, the contract amounts of forward foreign exchange contracts that were entered into as hedges for purchases were USD1 million (RM4 million). These amounts represent the future cash flows under forward foreign exchange contracts to purchase the foreign currency. The settlement periods of these forward contracts range between 1 and 3 months.

(ii) Interest rate swap

The Company entered into an interest rate swap to hedge its USD100 million syndicated loan from 31 October 2005 to 7 February 2010. The effect of this transaction obliges it to pay fixed interest rate of 4.63% on the notional amount of USD100 million and entitle it to receive interest at the floating rate on the same notional amount on a quarterly basis.

(iii) Cross currency interest rate swap

The Company entered into an amortising cross currency interest rate swap ("CCIRS") to hedge its USD160 million syndicated loan from 16 February 2005 to 16 May 2007. The Company is obliged to pay KLIBOR interest rate in exchange for receiving LIBOR interest rate on the amortising outstanding principal amounts. The principal of the CCIRS is amortised semi-annually in accordance with the repayment of the USD160 million syndicated loan via an exchange of cash flows in USD and RM based on a pre-determined exchange rate of RM3.80 to USD1.00.

24. SIGNIFICANT EVENT – ACQUISITION OF AIRCEL

As disclosed in the audited annual financial statements for the financial year ended 31 December 2005, the acquisition of Aircel was completed on 21 March 2006.

Aircel was accounted for using equity accounting as a 26% associate from 6 January 2006 to 20 March 2006 and subsequently consolidated as a subsidiary of Maxis from 21 March 2006.

With equity interest of 74% in Aircel (comprised 65% direct interest and 9% indirect interest) and 100% subscription of cumulative redeemable non-convertible preference shares in Deccan Digital Networks Private Limited ("Deccan"), the joint venture company incorporated in the Republic of India, this effectively gives the Group 99.3% economic returns from the investment in Aircel.

24. SIGNIFICANT EVENT – ACQUISITION OF AIRCEL (Continued)

In addition, a contingent payment may be payable by Global Communication Services Holdings Ltd (“GCSH”), a wholly-owned subsidiary of Maxis, and Deccan. The amount of contingent payment is based on the difference between the future market value and the entry value of 63,243,243 Aircel ordinary shares (“Aircel Shares”). The future market value is based on (i) the market price of the Aircel Shares, in the event of an Initial Public Offering (“IPO”), or (ii) the formula-based equity value of Aircel on a consolidated basis, if there is no IPO after 3 years (or at GCSH’s option, 4 years) from the completion date of the acquisition of Aircel.

25. CHANGES IN MATERIAL LITIGATION

As Aircel became a subsidiary of Maxis during the quarter under review, details (including status) of pending material litigation of Aircel and its subsidiaries are set out in this report. Save as disclosed below, there has been no material change in the status of reported material litigation as at 18 May 2006 that would have a material adverse impact to the Group.

- (i) The Department of Telecommunications, New Delhi, India (“DoT”) issued a show cause notice dated 24 August 2004 (“Impugned Order”) to Dishnet Wireless Limited (“DWL”), a wholly-owned subsidiary of Aircel Limited, claiming that illegal routing of international voice calls (“grey telephony”) through the internet service had occurred in DWL’s network. DWL maintained that the grey telephony operations were committed by certain unscrupulous subscribers and DWL was not a party to such operations.

DWL challenged the imposition of penalty before the Telecom Disputes Settlement Appellate Tribunal, New Delhi (“TDSAT”), the appellate body for settlement of disputes between the Licensor (DoT) and Licensee under the ISP Licence Agreement, stating that the Impugned Order was issued without providing DWL an opportunity of being heard as per the Internet Service Provider (“ISP”) License Agreement and questioning the methodology of calculation of the penalty imposed.

DoT withdrew the Impugned Order stating that orders could be passed after DoT issues a fresh notice to DWL and after giving DWL a hearing. Based on the above, TDSAT allowed the withdrawal of the appeal vide its order dated 25 November 2004.

DoT subsequently issued a fresh show cause notice dated 11 January 2005 to DWL on the same lines of the Impugned Order along with the calculation of the penalty imposed.

DWL requested for a personal hearing on the matter and made oral submissions and filed written submissions on the matter in February 2005. DoT’s decision on the matter is pending. DoT could levy an imposition of maximum penalty of INR23.7 million (equivalent to RM2.0 million) together with interest (which cannot be estimated at this moment) on DWL and/or order termination of the ISP Licence issued to DWL.

- (ii) In March 2004, DWL sold its broadband wired ISP business along with assets, rights, obligations, liabilities and subscribers to Videsh Sanchar Nigam Limited (“VSNL”). However, DWL retained its ISP licence and also reserved its rights to provide wireless internet access service.

DoT issued to DWL a show cause notice dated 9 June 2005 alleging that the hiving off the broadband wired ISP business without the consent of DoT amounted to a breach of terms and conditions of ISP licence warranting termination thereof. DoT also wrote a letter to DWL in December 2005 asking DWL to confirm the transfer of its subscribers as on the date of hiving off to VSNL. Similar notice and letter were also sent to VSNL.

25. CHANGES IN MATERIAL LITIGATION (Continued)

DWL has responded to DoT's notice and a decision from DoT is pending. DoT may order invocation of the performance bank guarantee amounting to INR10 million (equivalent to INR0.8 million) and/or impose a penalty on DWL and/or order termination of the licence issued to DWL.

- (iii) DWL obtained a Unified Access Services Licence ("UAS license") from DoT for providing cellular mobile service ("Service") in certain service areas/circles, namely West Bengal, Assam, Bihar, North East, Himachal Pradesh, Orissa and Jammu & Kashmir, effective from 21 April 2004. The terms and conditions of the UAS licence(s) requires DWL to fulfill its roll out obligations which envisages commencement of Service in a prescribed minimum coverage area within 1 year of the effective date i.e. by 20 April 2005, failing which DoT may impose liquidated damages up to a maximum of INR70 million (equivalent to RM5.8 million). If the delay goes beyond 52 weeks, DoT can terminate the licence, invoke the performance guarantee and/or order the imposition of financial penalty the amount of which cannot be reliably estimated as at the date of this report.

DWL has taken all necessary steps to commence Service in the circles and has applied for wireless spectrum in the required frequency with the Wireless Planning Commission and for point of interconnect with Bharat Sanchar Nigam Limited, the incumbent operator controlled by DoT, across the circles. Since there was inordinate delay in the process of allocation of wireless frequency and point of interconnect, DWL could not commence Service within the prescribed roll out period provided in the UAS licence. Further, the process for commencement of Service involves various statutory clearances. As this is an industry-wide issue, any decision of DoT will have potential adverse impact on the telecommunication sector.

- (iv) DWL had purchased an office premises in the fourth floor of Maharaja Kameshwar Complex, ("Complex") Fraser Road, (Mazharul Haque Path), P.S. Kotwali, District Patna, India admeasuring 6,949 square feet ("Office Premise") together with the proportionate undivided share of the land ("Property") under the sale deed doc. no. 4963 dated 18 May 2005 from Newspapers & Publications Limited ("NPL") being the owner of the land on which the Complex was developed and Pataliputra Builders Private Limited ("PBPL") as the confirming party being the developer of the property, based on the Development Agreement dated 31 March 2002 executed between NPL and PBPL ("Development Agreement").

Pursuant to the terms of the Development Agreement, PBPL and NPL respectively own 55% and 45% of built up area of the Property. NPL had also agreed to pay from its share of the sale proceeds the provident fund contributions and other dues to its former employees.

DWL received a notice dated 25 February 2006 from the Employees' Provident Fund Organisation, Bihar Regional Office, Patna informing DWL of the attachment of the Property in the exercise of its powers conferred under Section 8B of the Employees' Provident Funds and Miscellaneous Provisions Act, 1952 read with Rule 48 of the 2nd Schedule to the Income Tax Act, 1961 for the recovery of Certificate dues amounting to INR19.5 million (equivalent to approximately RM1.6 million) payable in respect of the unpaid provident fund contributions of the former employees of NPL. The notice was issued to DWL under CWJC No.6544 of 2004 filed by the former employees of NPL against the Union of India for the recovery of their provident fund contributions.

DWL is in the process of preparing the documents to intervene in the suit and to exclude the Office Premise from the said attachment notice.
